

## NEW YEAR SPECIAL

**A**s we head towards the concluding month of the year, the real estate sector is keenly looking forward to New Year 2025 – its outlook, key trends, major policy interventions and, most importantly, those who are going to play a significant role in the all-round growth of the sector.

With this in mind, Realty & More has decided to focus its yearend special issue on 25 realty stakeholders who will outshine all others in the year 2025. These Realty Jewels, as we are calling them, will include developers, consultants and professionals, and they will be selected on the basis of their past performance, projects they have in the pipeline and their strategies for the upcoming months. The realty market perception, buyers' feedback and awards earned by them will also be among the deciding factors in picking these 'jewels'.

Looking forward to your active cooperation in arriving at this ambitious list of 25 realty jewels and featuring it in the best possible manner in Realty & More's October-December issue, which will be released around Christmas.
